Western Gingerbread Applique

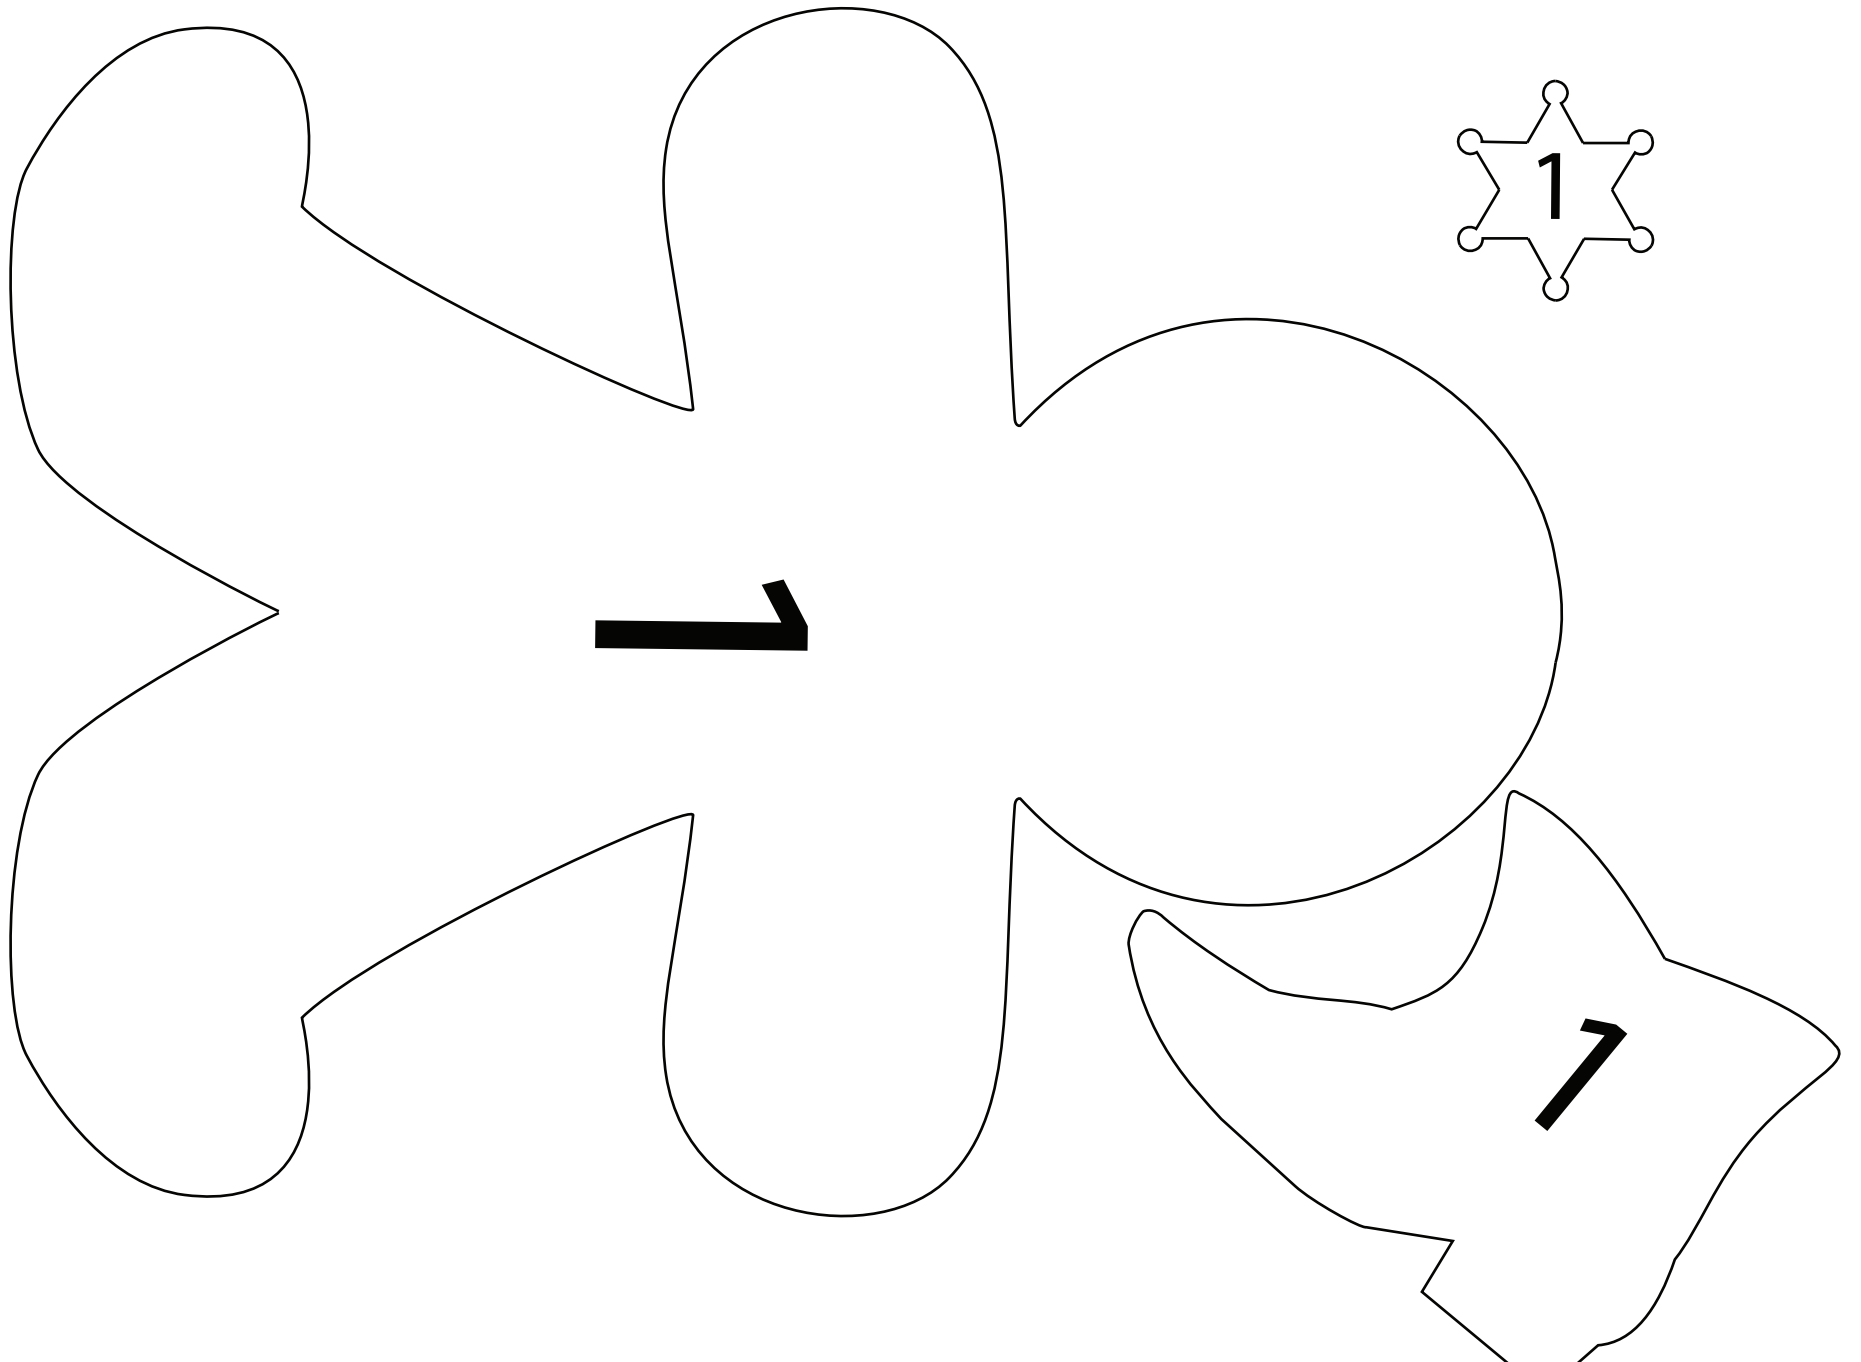

Templates

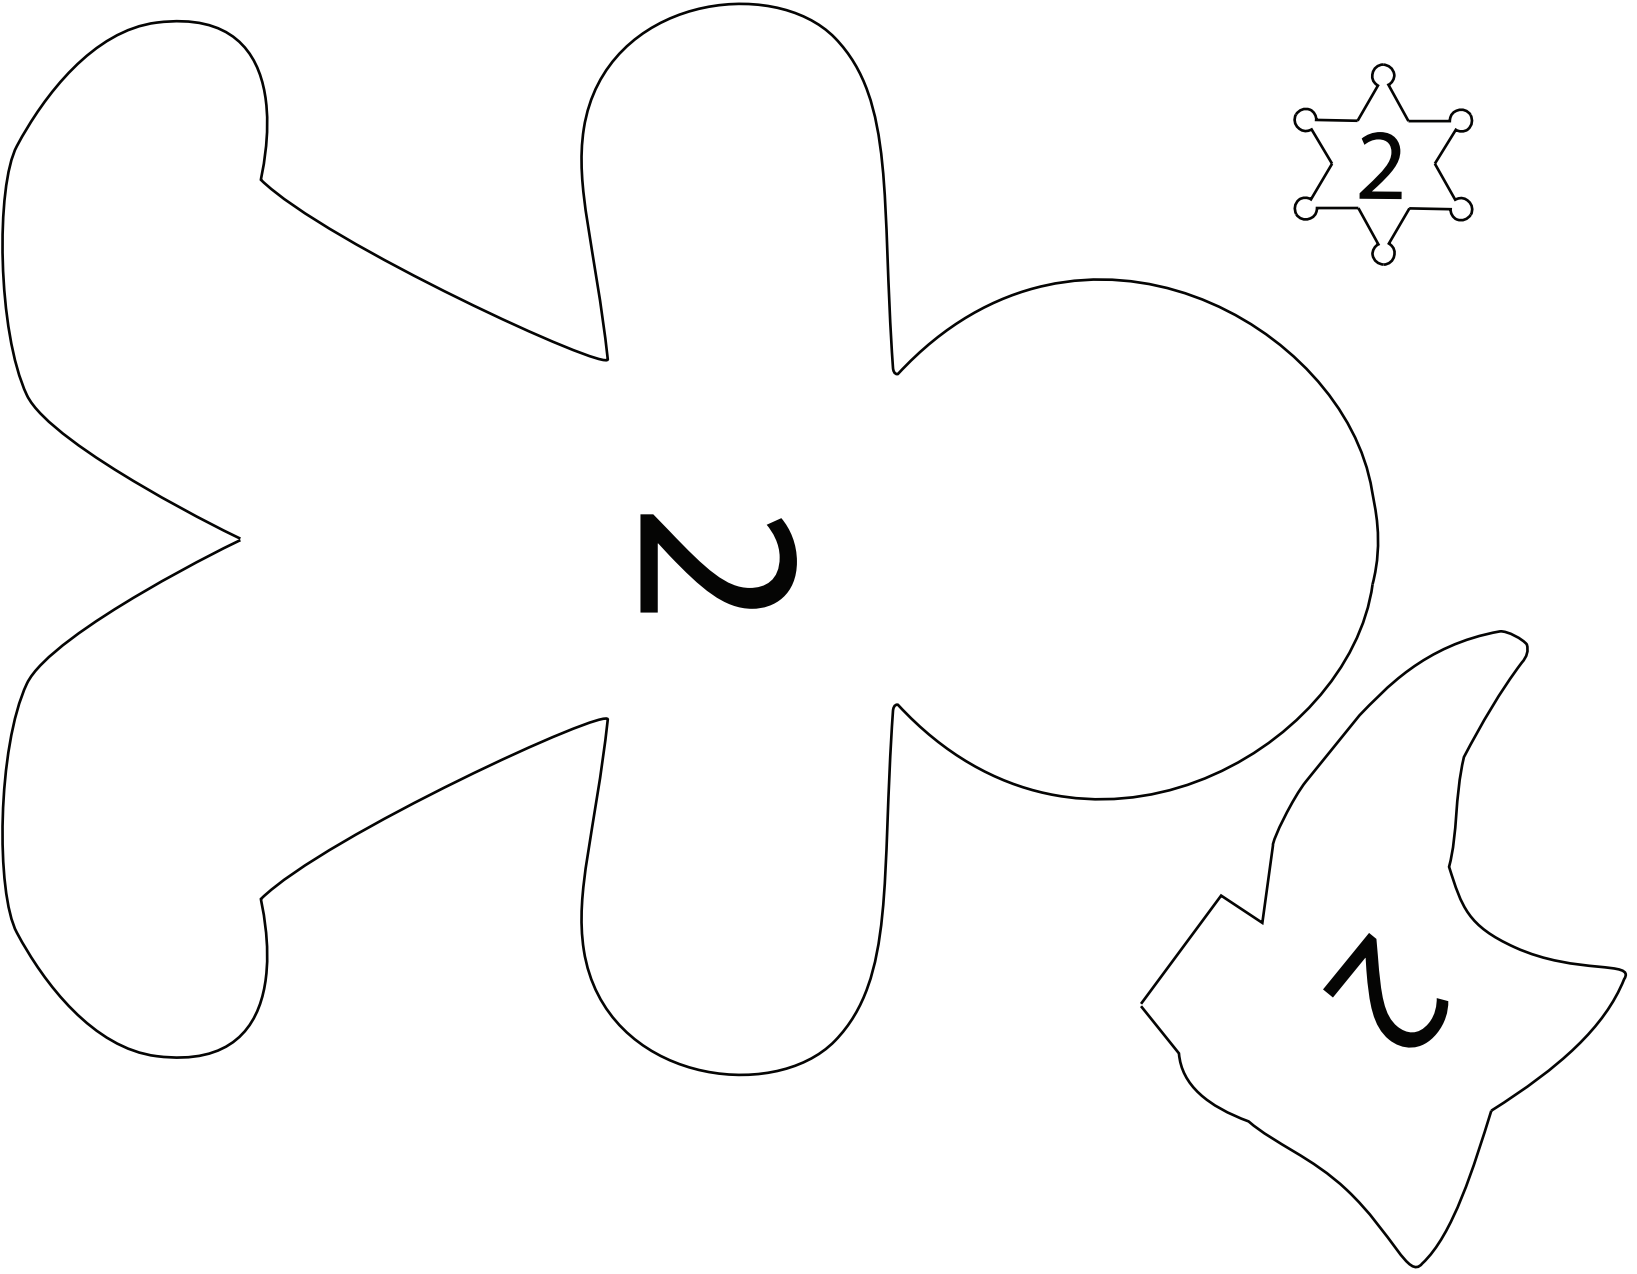

Print chart for A4 paper

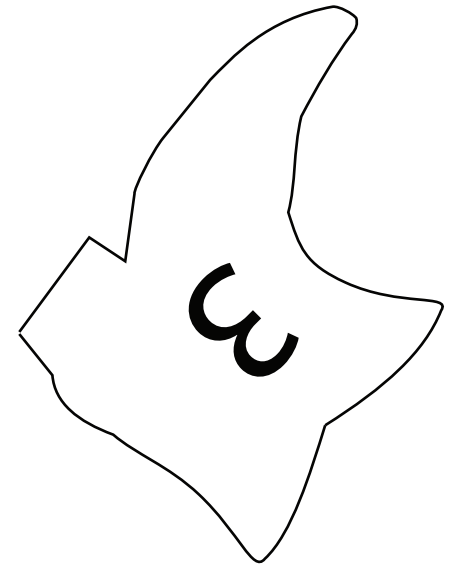

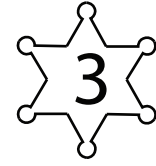

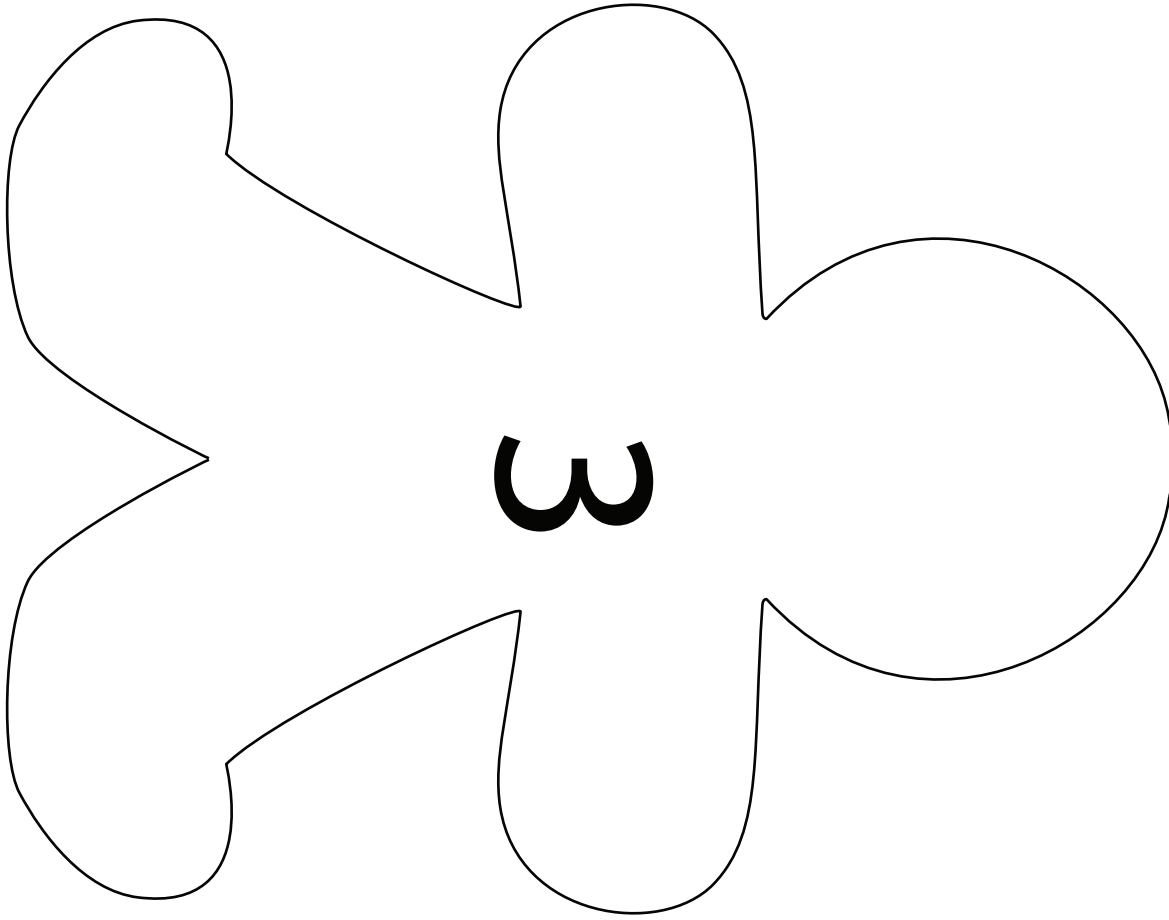

The numbers on the template pieces are corresponding to their size and fit for their accessories. You can print these template pieces without the numbers by turning off the "Label" layer. This template file includes four sizes of gingerbread and accessory. This is great for creating on adult or kid size clothing. I have also included a few oversized accessories to spark some new creativity and help you create your own wild west applique.

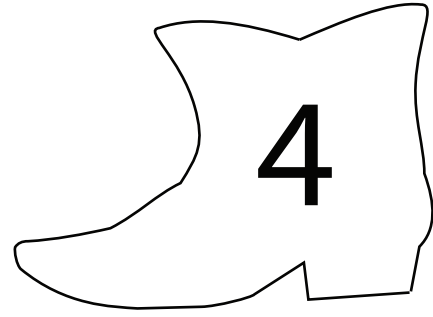

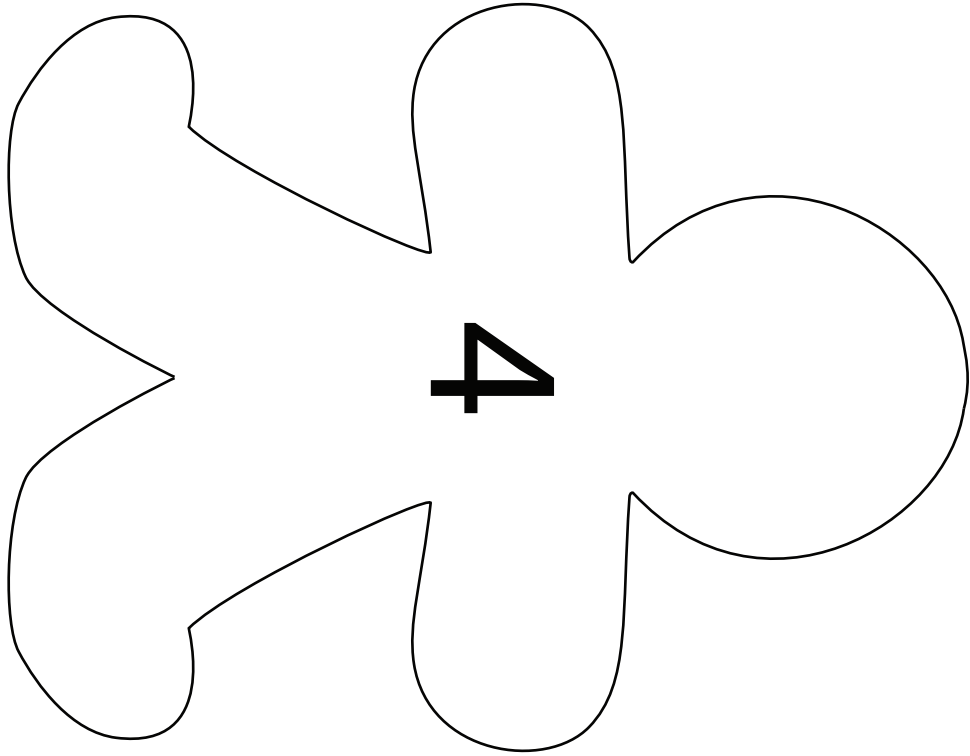

Page Layouts

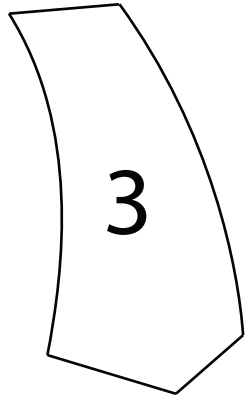

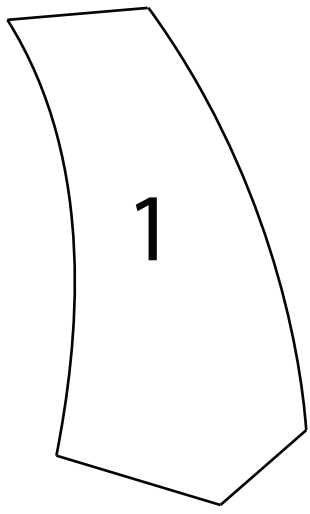

Vest, Cut 2 - 1 mirror set.
